Dear General Manager,

Representation D-2019/002428

Rosny Hill Nature Recreation Area

The TNPA is strongly opposed to the development proposed by Hunter Developments in the Rosny Hill Nature Recreation Area.

If any commercial development is to be considered at this location it should be a modest facility to enhance the recreational use of the reserve and 'consistent with the conservation of the Nature Recreation Area's natural and cultural values'. This proposal is for a large commercial hotel development and associated large carpark – it is totally inappropriate.

The proposed development is clearly inconsistent with the management objectives of the land and the Rosny Hill Nature Recreation Area Management Strategy. The development application should be refused.

Yours sincerely,

Nicholas Sawyer
President, TNPA
